## WELCOME TO BREWSVEGAS 2016

We hope you like it here as much as we do.

Now in its third year, Brewsvegas sprang from a love of the local beer and wider community that help make Brisbane a city that boasts such an enviable lifestyle. Brewsvegas 2014 gave local venues and breweries a chance to showcase their best, and the permission to be brave, bold and create something new. To collaborate and share. To welcome and to build stronger relationships with the local business community, as well as the punters and purveyors of all things crafty; locals who help create the wonderful, growing culture we now enjoy.

The core mission we set for ourselves back in 2013 was to promote innovation, creativity and collaboration as a way of not only nurturing and celebrating but also growing the local beer scene. In the last few years we've continued to witness the fantastic growth of good beer in Brisbane and beyond. Not only have dozens of beer focused bars and a number of breweries have opened their doors, but doors once shut to good beer have also begun to open. Beer brewed for quality and flavour is making its way into places once only set aside for big brand commodity beers. What the average beer drinker looks like, and how they make decisions about what they choose to drink, is continuing to change and evolve.

The times are indeed changing, and no small part of this change comes down to the passion, energy and enthusiasm of the venues, breweries and people involved in making Brewsvegas 2016 possible, traits you'll find reflected in these pages. We're humbled to be able to play our part and hope you as a lover of delicious beer enjoy the fruits of their labour. Have a cracking Brewsvegas 2016.

WE'VE MADE IT EVEN EASIER TO FIND THE PERFECT EVENT FOR YOU BY SORTING EVENTS INTO FOUR CRACKING CATEGORIES. WE HOPE YOU HAVE AS MUCH FUN POURING THROUGH THE PROGRAM AS WE DID PUTTING IT TOGETHER, IT'S AN ABSOLUTE BELTER.

Whether it's a rib and real ale festival or a nine course degustation with beer royalty, if you're all about the relationship between good food and great beer, these are the events for you.

You could find yourself crowned a pinball wizard or catching a snapper with a few frothies. We think you'll find plenty of rad events to help you fill your cultural quota.

Fancy a beer river cruise or want to shoot some hoops with brewers? This category is choc-a-block full of fun, beery events that are meant for anyone and everyone.

Whether it's a coffee beer workshop or lupulin driven mini beer festival there's plenty here to keep the passion alive for the beer nerds, geeks and tragics amongst us.
